

## Moldova Orphan Sponsorship Program

### MOSP Welcomes a New Coordinator in Moldova

Angela Cataraga joined the Moldova Orphan Sponsorship Program serving as the liaison for students in Moldova. She accepted the position in September, and is busy getting to know the students. Angela will facilitate quarterly Student Club meetings, and she will have ongoing dialogue with current students, orphanage officials and students applying for a sponsorship.

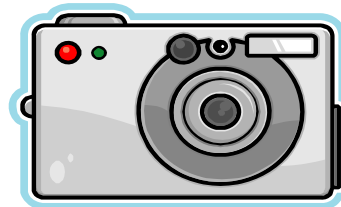

Angela lives in Chisinau with her husband and six month old son. She is a graduate of Moldova State University and is on the faculty there as the English Linguistics Chair and English Teacher. In 2003, Angela met Julie Glandt through a mutual friend. When offered the position she accepted it to "help the youth understand that they are not alone and that there are kindhearted people who think of them". Angela lives in Chisinau and we are excited to be working together. Welcome Angela!

### Additional Sponsors Needed

Currently there are 10 students in Moldova that have applied to the sponsorship program and are waiting for sponsors. The youth were referred to CAS by orphanage officials and are need of financial support to attend a university or vocational school for job training. Do you know of someone or a group that may be interested in becoming a sponsor of a Moldovan youth? Let Amy Kreimer know and she will contact the individual by phone or by mailing one of the new program brochures. Also, she is available to make presentations to groups in the Triad NC .

Volume 1, Issue 1, 2007

**This is the very first issue of what I hope becomes a quarterly newsletter for the sponsorship program. If you have ideas or suggestions on what to feature please send me an email.—Amy**

*Wouldn't this newsletter look great with more pictures?*

### Digital Camera Needed

The sponsorship program needs a digital camera to send to Moldova. Angela will use the camera to take photos of students. Do you have one that you are willing to donate? Please contact Amy Kreimer if you can help.

### Update from Recent Sponsorship Program Graduate

*Olesea Cazacau*

Recently we heard from a sponsorship program graduate, Olesea Cazacau.

"I have graduated from the foreign languages department at Alecu Russo University of Balti. I work as a university assistant at the same institution. In the near future I am planning to quit the work at the university as the reality is the position there does not meet with the expectations I had. Graduating from the mentioned faculty helped me a lot in acquiring highly qualified knowledge.

The sponsorship program was a great help to continue my studies and achieve my wish to get a profession.

I am not married and I have no kids. In the future I plan to apply for master degree either in Great Britain or USA as I want to enlarge my knowledge stock.

Thank you so much for consideration."
