

I am so excited you have chosen adoption and you are interested in the Russian Program. As you set out to achieve your dream of becoming a forever family, know with Carolina Adoption Services, you are with the best. We have seen first hand the dedication of Carolina Adoption Services and your Russian Program Coordinators. We have also witnessed the commitment from the representatives in Russia to help you achieve your goals.

As you prepare to embark on your adventure, although it is always wise to pack light for your trip, I recommend making room for a wide-open mind. If you bring this with you, you will be open to experience the journey of a lifetime.

I still remember the day my husband and I signed up for the Russian Program and 1 ½ years ago we were blessed with our beautiful daughter, Lillian. As parents, our lives have changed for the better forever and we will always be grateful to Carolina Adoption Services for making our dreams come true.

Throughout the adoption process, my husband and I found it helpful to speak with other families in the Russian Program about their experiences. Please feel free to call or email us anytime if we can help you in any way.

Lori, Matt & Lillian
